The Machinery Division has entered the new dimensions with new spirit in serving our customers to their complete satisfaction.

Yanmar & Kirloskar Diesel Generators, ELGI Portable Diesel & Industrial Compressors, DP & Lubi Pumps & Motors, Mariner - O/B Motors, Quicksilver - Inflatable Boats & Marine Accessories, Landini & Sonalika Agriculture Tractors including implements are supplied by Abdullah Hashim Co. Ltd. (AHCL) for a wide variety of applications including electric power generation, water management system, building & road construction, mining, agriculture and marine propulsion etc.

Additionally, through our extensive line-up of materials handling equipment (MHE) including YALE Diesel, Electric and LPG Lift Trucks, entire range of warehousing equipment's, Landoll (Drexel & Bendi) Narrow Aisle Trucks, AHCL extends its services to an even wider variety of industries.

AHCL is dedicated to provide premium products at the most realistic prices with top class after sales services. Our best-in-class Service Support with 10 branches and showrooms that includes workshop and field service, fabrication, maintenance and repair contracts, and training.

OUR SERVICES

- **POWER SOLUTIONS**
- **PUMPS**
- **FORKLIFTS**
- **AIR COMPRESSORS**
- **MARINE ENGINES & AGRO MACHINERY**
- **AFTER SALES SERVICES - 24X7**

OUR STRENGTHS

- **A professional staff at all levels**
- **Superior technical staff**
- **Established brands name**
- **An excellent reputation for professionalism & dependability**
- **First-rate relationship with principals**
- **Flexibility to adopt to change**

YH Series
15~50 kVA

YEG Series
10~50 kVA

eG 55 - 5.5 kVA - Silent

Air-Cooled Portable Gensets
YDG Series - 2.7~5.5 kVA

Light Tower

Welding Machines 180~350 A

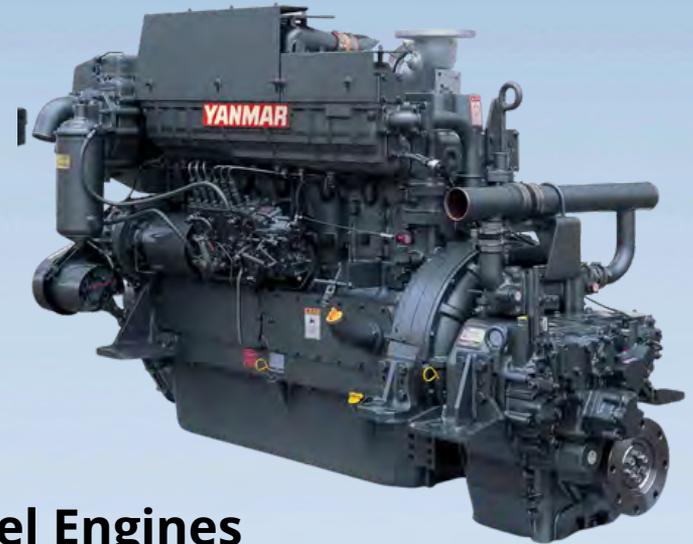

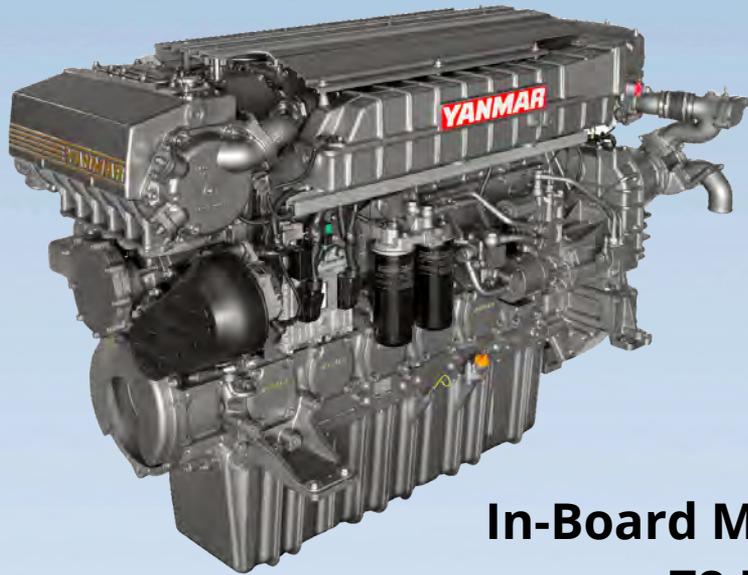

Diesel Pumps

Fresh Water | Semi-Trash | Trash
2", 3" & 4"

Diesel Engine Driven Centrifugal Dewatering Pumps
Suction / Discharge 4"-12" - 32 HP ~105 HP

**In-Board Marine Diesel Engines
78 HP ~ 1800 HP**

Material Handling Equipment for Warehouse Solutions

I/C Forklifts 1.6T~9.0T

Big Forklifts 10T~16T

Electric Forklifts 1.3T~5.5T & Motorized Pallets

Bendi

Articulated Forklifts VNA Application

Swing Mast Forklifts
1.3 T ~ 6.0 T

Articulated Forklifts
1.3 T ~ 2.5 T

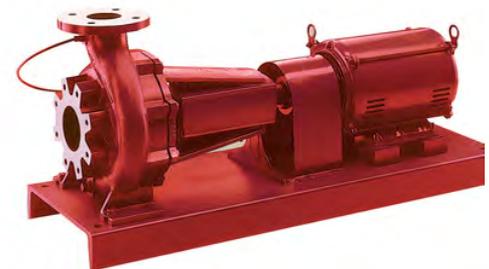

Horizontal Pump

Booster System

dp pumps 
Electric Pumps

**Stainless Steel Vertical Multistage in-Line Centrifugal
Pumps
(0.37kW~45kW)**

Booster System

PUMPS • MOTORS

Submersible Pumps & Motors
4" ~ 8"

End Suction Pumps

Solar Deep Well Pumps

Enriching Lives

Silent Type Generators 17 kVA ~ 1010 kVA

**Bare Engine for Various applications
15 HP ~ 200 HP**

Open Type Generators 17 kVA ~ 1010 kVA

ELGi™

Always Better.

Air Compressors

EG & Premium Series

EN - Series

EN Series Screw Air Compressor
2.2-45kW / 03-60HP

EG Series Screw Air Compressor
11-75kW / 15-100HP (50Hz)

EG Premium Series Screw Air Compressor
90-160kW / 125-200HP (50Hz)

Oil-Free Series Screw Air Compressor
11-75kW / 15-100HP (50Hz)

Oil-Free AB Series Screw Air Compressor
11-75kW / 15-100HP (50Hz)

Diesel Powered Portable Screw Trolley Mounted Air Compressor
185-600cfm / 100-350 psi

Skid Mounted Diesel Portable Air Compressor
1100-1500cfm / 275-400 psi

Airmate Air Accessories
Air Quality and Energy Saving

For Plastering: Premixed Materials

Koinc 31

Koinc 33

Koinc 4

Plaster Sprayer Line for mixing and spraying premixed mortars in bags or from silo; premixed materials, gypsum based premixed materials, lightweight materials, insulating plasters, fibre mortar.

For Pumping Concrete and Shotcreting

Booster 15 - Booster 50
Two-Cylinder Piston Pumps

with hydraulic control for pumping concrete, self leveling floor screeds and for shotcreting.

For Distributing Concrete

Gerris 800
Crawler Concrete Placing Beam

Self propelled machine with reduced dimensions (300 x 4940 mm) and low weight (2500 kg). Ideal to distribute pumped concrete in any position within its range of action of about 6 m and up to a height of 11,20 m. Double motorisation: gasoline (main) and electric (auxiliary).

For Pumping and Spraying: Premixed Plasters and Traditional Mortar

Small 50 EVO
Mighty Small 50 Plus
S 50 Airless

Multi-purpose Screw Pumps for spraying conventional mortar and premixed plaster; premixed plastering products, waterproofing products, insulating and insulating products, coatings with paints, for filling joints, for strengthening operations.

Prestige

Hydraulic Screw Pump with Diesel engine for mixing and spraying plastering mortar in bags or from silo; premixed materials, gypsum based premixed materials, insulating plasters, lightweight materials, self leveling screeds.

Step 120

Screw Pump for spraying or pumping conventional mortar and premixed plaster, fibre reinforced and reflective mortars, grouting, thermal materials, self leveling screeds and for reinforcing operations at controlled pressure.

For Floor Screeds

Mover 270d EVO

Conventional Pneumatic Floor-Screed Conveyors Line with automatic pumping cycle. Single phase and three phase versions with direct drive. Diesel version with double air flow rate (Mover 270d).

Mover 190E - Mover 270E

For Mixing: Continuous Cycle Mixers and Mortar Mixers

Spin 15 A Spin 30 Plus

Continuous Mixers for quick mixing, premixed plasters, masonry mortars, self leveling materials and premixed materials in bags for conventional floor screeds. Capacity five mortar mixing kit (available for Spin 15 A).

Mix 60 Plus - Mix All - Mix 80 - Mix 120 Plus - Mix 200 - Mix 360 - Mix 750

Mortar Mixers with forced duty planetary mixing system for fast and homogeneous blending. Drum capacity from 60 to 750 litres.

For Self-Leveling Floor Screeds

Step 120 A
Screw Pump for automatic based to cement based self leveling floor screeds.

Plaster Finishing Machine

Speedy
Electric plaster finishing machine for medium plaster gun line and rough plaster.
