

AL-TAKADOM

Leading the Future

AL-TAKADOM

Leading the Future

Granite / Marble / Stone

Message from the Chairman

It gives me immense delight to state that since it was established (1970), AL TAKADOM MARBLE & GRANITE has created a significant impression in the region. Today with pioneering spirit and association with prestigious projects (AL TAKADOM) has transcended geographical boundaries.

As a market leader in KSA and in Middle East, AL TAKADOM is synonymous with premium quality Marble and Granite, the company portfolio includes several of the region's top-class Marble and Granite projects.

Even while achieving steady growth, we have nurtured a vision to provide a solid backbone to build a modern society. This has constantly inspired us to produce Marble and Granite that efficiently support the dynamics and demands of state of the art offices, residences, villas, landscaping and other construction initiatives.

As we surge ahead with our expansion plans, we stay committed to delivering quality along with a new chapter of success.

Sincerely,
MANSOUR A. AL DEGHAITHER
Chairman

46 YEARS OF EXCELLENCE

WHO WE ARE

AL TAKADOM FACTORY - Granite, Marble & Stone is one of the members of the ALTAKADOM GROUP, one of the oldest (about 46 years) and biggest factories in the Kingdom of Saudi Arabia, engaged in the field of Manufacturing marbles, stones and granite.

It was established in 1391H, correspondent to the year 1970 as a branch of AL TAKADOM EST., according to the decision of the ministry of trade & industry No.27/Sadh/89 for manufacturing marble and related products with self- finance of 420,000 SAR and with production capacity of 1000 - 500 sqm daily depending on the demand of the client.

WHAT WE DO

AL TAKADOM FACTORY consulted and used expert Italian companies for enlarging and developing the factory. Most modern machineries and engineers with latest technical knowhow were bought and consulted to meet the exact quantity and quality of the product that the market needs and require.

Specialized machine and hand tools were bought to meet the exact requirement of special jobs i.e. circle cutting, edge finishing, profiling, design detailing, monuments and color etc. We have put-up a special design and decorative office to fulfill our customer's need for decorative ideas, shop drawing and to bring the imagination of the clients to real technical drawing and samples.

Professional and highly qualified people are hired to work in the office and factory to do decorative and Islamic Othmanian inspired granite, marble and stone of the old Othmanian Museum.

OUR TRADITION OUR FOUNDATION

VISION

To provide a solid backbone to build a modern society through innovation.

MISSION

By combining a strategic capacity with a passion for technology and creative solution we create opportunities and long-term relationship with our valued customer.

CORE VALUES

We are FAIR

We are AVAILABLE

We are PASSIONATE and INNOVATIVE

MINING
